SKILLS

Languages: JAVA, Python, JAVASCRIPT, C, SQL

Frameworks/Tools: FlaskAPI, PostgreSQL, Git & Github, MySQL Workbench, SQLite3, JetBrains

Soft Skills: Problem-Solving, Adaptability

PROJECTS

SMART CLASS ATTENDANCE CALCULATOR | FlaskAPI, PostgreSQL, Streamlit | **GitHub** July'2026

- Developed a full-stack attendance management system using Python, Streamlet, Flask REST APIs, and PostgreSQL, supporting multi-user authentication and user-specific data management.
- Implemented subject and attendance CRUD operations, attendance percentage calculation, safe-bunk calculation, filtering, validation, and real-time attendance summaries.
- Built interactive dashboard and analytics modules with subject-wise attendance tracking, visual insights, profile management, and robust error/confirmation handling.

CERTIFICATES

DSA Workshop — Code-A-Haunt 3.0 | CodingBlocks LPU | Mar' 26
Certificate of participation in the DSA workshop conducted as part of the Code-A-Haunt 3.0 National-Level Inter-University Hackathon.

EDUCATION

Lovely Professional University

Bachelor of Technology
Computer Science and Engineering; CGPA: 7.1

Phagwara, Punjab
Aug' 25 – Present

Little Flower House

Intermediate
PCM; Percentage: 75%
Percentage: 90%

Mar' 23 – May' 24
